## SKILLS

C++

Python

Python Pandas

Python Mathplotlib

Ubuntu

Ionic Framework

## INTERESTS

Machine Learning

Data Science

Data Visualization

Computer Vision

Data Analytics

# Keanu Nichols

## Student

Passionate computer science student interested in Data Analytics and predictive modeling.

## WORK EXPERIENCE

### I.T Technician Summer Student

06/2017 – 09/2017

National Gas Company Of Trinidad and Tobago

*Achievements/Tasks*

- Customer Support
- Designed a script to add username to desktop-background

Trinidad

## ACHIEVEMENTS

Scotiabank T&T Limited Scholarship (09/2017 – 05/2017)

World Code Sprint 2017

Ranking 2485/7048

Morgan Stanley Campus Codeathon 2017

Ranking 2485/6701

Dean's Honor Roll (09/2017 – 12/2017)

## ACTIVITIES

ACM International Collegiate Programming Contest (06/2017 – 05/2020)

*Training to participate in the ACM ICPC*

University of the West Indies Computing Society (09/2017 – 05/2020)

## PERSONAL PROJECTS

Water Contamination Detector (06/2017 – 08/2017)

- Designed an app using Ionic Framework that was connected to Firebase

Google Summer of Code

- Data analysis of git repository users and GitHub issues
- Created tables and charts relating to github users information

Kaggle

- Created a predictive model for house prices

## EDUCATION

### Computer Science Special

University of the West Indies (St.Augustine)

09/2017 – 05/2020

GPA 3.9

### Computer Engineering

Pennsylvania State University

09/2016 – 05/2017

United State of America

### CAPE

Bishops Anstey Trinity College East Sixth Form

08/2014 – 06/2016

Grades: Two I's and Six II's
